

REMARKS

Claims 1-21 remain pending in the application.

Allowed Claims 1-21

The Applicants thank the Examiner for the indication that all claims 1-21 have been **ALLOWED**.

Claim 14

Claim 14 is amended herein to depend from claim 11, to provide sufficient antecedent basis for "said DQS strobe" in claim 14.

Drawings

In the Office Action, the drawings were objected to for designating both "offset" and "programmable delay" with reference character "110".

The attached Formal Drawings filing includes a typographical change to Figs. 1 and 2 to change the reference character used to indicate the "offset" to be 11. These formal drawings replace the informal drawings comprising Figs. 1-3 filed originally with the application.

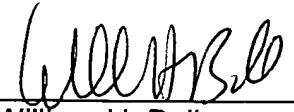

The specification is amended appropriately herein at pages 6 and 7 to reflect the correction of the reference character 11 used to indicate the offset.
